

# Lac la Biche Herald

Vol. 5, No. 4

EDMONTON, ALBERTA, WEDNESDAY, JAN. 23, 1952

Subscription \$1.00 Per Year

THIS ARTIST'S conception shows the proposed layout of the polythene plant to be built in Edmonton. Incoming natural gas from the Leduc oil field will be converted into ethylene in the ethylene plant (1) with its associated cracking furnaces (2), compressor house (3), and control room (4). Polythene produced from this ethylene

in the main reactor building (5), will be transferred to the warehouse (6), for packing and shipment. The other main buildings on the works site comprise the administration offices (7), personnel block (8), stores and repair shops (9), power house (10), water cooling tower (11), and water purification plant (12).

## LAC LA BICHE NEWS BRIEFS

Mr. Alphonse Revet of Belgarde, Sask., has been visiting his aunt and family, Mrs. A. Beaudry, and other relations, for the past three weeks. He will visit with his cousin, Ernest Blair in Edmonton before returning home.

Mrs. Tillie Johnson, of Edmonton, is visiting her son Ben at Rich Lake.

Mr. and Mrs. Fyth visited friends in Edmonton.

Mrs. Hill from Calgary is visiting her husband, who is manager of the Delhi Oil Drilling Company here.

Mr. Cecil Swansen, assistant agent at the NAR, has been transferred to Thorhild.

The Fish and Game Association held a meeting at which it was decided to put pheasants on Big Island by April first.

Mrs. Steinman and son Dennis spent four days with her parents, Mr. and Mrs. F. A. Coutney.

The manager of the Central Leduc Oil Company was here and expects to start drilling in the near future.

Mr. Fred Guerra from Venice is employed at the Northern Utilities.

Mr. Joe Farrell, electrical engineer of the Northern Utilities, Calgary, has installed a new switchboard for the Northern Utilities here to enable them to give better service.

Mr. Stanly Cherkas, employed

with the Special Areas Board at Lamond, Alberta, spent a few days attending his father's funeral.

Mrs. Charles Combs of New Westminster, B.C., flew to Edmonton by TCA and arrived here by bus to attend her father's funeral, returning to her home on Friday.

Mr. and Mrs. Jake Kline gave a party Wednesday evening, Jan. 16, at their home in honor of their second daughter, Madeline Kate, announcing her engagement to Mr. Jack Rochon, eldest son of Mr. and Mrs. Goston Rochon of

Grande Prairie. A most delicious luncheon was served by Mrs. Kline, and a very enjoyable evening was spent by all. The couple will be married late in the spring.

Miss Vickie Warawa, of Lac la Biche, second daughter of Mr. and Mrs. Fred Warawa, is engaged to Mr. John Wowk from Craigend, second eldest son of Mr. and Mrs. Don Wowk of Craigend.

The best ideas germinate in honest, idealistic minds, and are not the result of self-seeking thoughts.

## W. I. BOWLING LEAGUE OCT. 2, 1952, TO JAN. 16, 1952

|                        | Games      | Av.   | Games      | Av.   | Games   | Av.   |

## ATHABASCA MUNICIPAL DISTRICT SEEKS T.B. FREE, PURE BRED SIRE, AND BANG'S FREE AREA STATUS

MEANOOK—At their November meeting, Council of the Municipal District of Athabasca decided to ask the Provincial Government for classification of the District as a Bang's Free area, Prue Bred Sire area and Tb. Free area. This appears in the November minutes when G. Gobel interviewed the council re: Bangs disease, Tb. Free area and Pure Bred Sire area, stating it was now time they were put into effect. He stated the Bangs and Prue Bred Sire area should come into effect on January 1st, 1952, and the Tb. area to come into effect when approved.

Moved by Clr. LaPorte that we request the Minister, Dept. of Agriculture, to have this municipal district made a Bangs' free area, with the understanding we enter into Plan No. 2 for compulsory calf vaccination, with voluntary blood testing for older animals, as of January 1, 1952.

Carried unan.

Moved by Reeve Aloisio that we request the Minister, Dept. of Agriculture, to have this municipal district made a pure bred sire area for cattle, to come into effect on January 1, 1952.

Carried unan.

Moved by Clr. Parson that we request the Minister, Dept. of Agriculture, to have this municipal district made into a Tb. free area, to be started in the 1952-3 fiscal year. Carried unan.

The November meeting was held Thursday, November 6, with Reeve Aloisio, Councillors Parson, Breckenridge, Lynk, Rosychuk, Derko and LaPorte present.

### Assessment—Smith

Discussion took place re the assessment of the road building equipment of the R. Smith Construction Co. No action was taken.

### Richardson—Snow Plow

Mr. Webb, of the Richardson Road Machinery Co., interviewed the council re the purchase of a

Richardson rotary snow plow, which council had ordered at the September meeting. He now stated the price of \$10,500 would have to be all cash, or if the council would pay \$8,000 cash, he would personally guarantee the balance of \$2,500. The council stated they could not pay that amount of cash, and Mr. Webb was instructed by the council to cancel the order.

### County System

A discussion took place re school business and school busses. Clr. LaPorte stated it was his intention to introduce at this meeting a resolution to apply for this municipal district to be formed into a county, as it did not work out if one unit did all the collecting of taxes, and another unit spends it.

### Steel Culverts

Westeel Products' agent interviewed the council re steel culverts. He stated in the future the price of the culverts would be the price in effect at the day of delivery, and not at a set price as in the past. Council ordered a total of \$2,000 of culverts in 15", 18" and 24" sizes, delivery to be made in May, 1952.

### M.D. Convention

Moved by Clr. LaPorte that the

A thrilling outdoor action smash hit. Time—Friday 8:30 p.m. Saturday, 2:30, 7:00, 9:15

Mon. and Tues., Jan. 28-29

### "SIRROCO"

Starring: Humphrey Bogart and Marta Toren. Humphrey is Sisco in Sirroco. Time 8:30.

## EDITORIALS

### Being Prepared

There is nothing but common sense and good judgment in the nations of the world being prepared for eventualities with regard to the Soviet Republics. There are too many signs that the Communists in Moscow are not planning any above board policy of peace. Until the Western world stands ready and fully armed for any sudden attack, it would be the height of folly to reduce the efforts that alone secure safety and spell the necessity of being prepared.

The Soviet statesmen, if they can be called by the name, instead of Communist thugs, are quite plainly engaged in a policy of bleeding the Western nations white with preparations for a threatened war. When the point of despair has been reached, Moscow will act openly and, like a vulture fly to the kill. That is clearly the picture in Moscow's mind.

But the Western world is not likely to falter or fall down in its economy, or its preparation for defence. Whatever the cost or sacrifice will be, the free nations must rearm to meet a wicked and deceptive foe.

British publications are stressing the thought that the Churchill government's steps to strengthen the program for rearmament, and to re-establish the national home guard, are signs that the west realizes the risk of war with Russia has not diminished. It is wisdom to Be Prepared.

With Winston Churchill back in power, and resuming his world-famous trips abroad in the interests of world security, the famous Churchillian "V" for Victory sign and the ever-present Churchill cigar are signs of confidence to a troubled world.

### Ornithopter and Snallygaster

A recent editorial in this paper told about a new flying something or other at Medicine Hat that was called the ornithopter. Now comes word from Baltimore that the ornithopter is just an attempt to copy the snallygaster, which was famous in Maryland some twenty years ago.

The main difference between the ornithopter and the snallygaster is that the snallygaster is a creature and the ornithopter a mechanical whatsit. Maryland's snallygaster beat its wings, rode a bicycle and uttered strange, low snallygasterian cries, according to the old reports, which are being retraced today. The snallygaster also had a habit of raiding moonshine stills in the North Maryland country, which vocation the ornithopter cannot hope to pursue, being a mechanical contraption.

Marylanders, these days, are making snide remarks about the ornithopter and saying they had a flying whatsit some twenty years ago. The ornithopter, they say, is just a cheap imitation of the original snallygaster, and the argument goes on in the newspapers. Whether you prefer the ornithopter or the snallygaster—that is the question, if anyone cares.

### A Thorny Problem

One of the most difficult problems to contemplate faces parliament before another general election can be called by Ottawa. This is the redistribution problem, which will likely have to be tackled during the next session of parliament.

The electoral quota for each constituency now is reported to be 53,585, on the basis of the census of population for 1951, of \$13,893,208, giving a house of 262 members. There are instances where constituencies must be merged and others divided, and countless arguments and objections are sure to be heard regarding the decisions of the electoral committee when it gets to work.

It will be a task of giants to satisfy all parties, and it is not likely such a result will be achieved, even with the very best of intentions and the wisest policy of compromise. What interests Alberta, however, is that this province's representation will be increased by at least one member. Saskatchewan's will be reduced by about one.

The west is not gaining in representation as rapidly as is hoped, but the way is slow and the inequalities between the populous east and the less populated west will some day be more fairly dealt with.

### Monkey Wrench in the Oil Well

By T. W. PUE

This story is being circulated as being absolutely true. Someone claims it happened, but whether in Alberta, Texas or Venezuela I don't know.

T. W. PUE

We don't need this monkey wrench or you any more. You're fired—and take the d— thing with you."

"Well, if I'm fired," said the sober faced Roughneck, "I don't need it any more either."

So he threw the wrench back in the hole and walked off the job!

#### GREETINGS BY PHOTO

We received two nice Christmas photo greeting cards from former Albertans.

One is from Mrs. M. A. Bettin, former local editor of the Beiseker Times, whose boy-and-girl twins smile happily beside a picture of a portly Santa Claus attempting to get into a much smaller chimney. The Bettin family has moved to live in British Columbia. These twins, well known in Beiseker, are inseparable. You couldn't make one cry, when they were younger, without the other crying too. You couldn't get one to go anywhere without the other. Always together they are always happy; separate them and they're inconsolable.

Another photo card came from Honolulu, Hawaii where Mr. and Mrs. Allan Caldwell, former South Edmonton residents are now living. Their daughter Doreen is pictured on their Christmas card. The steady year 'round temperature of the Hawaiian climate is 70 to 80. By way of contrast, L. R. Porter in the Hughenden Record, while ever mindful of the 40 degrees below zero readings possible in Hughenden in winter remembers readings over 100 degrees in the same town! She says that in Oklahoma they get high readings of 114 above but they have air-conditioned stores that keep it cool as springtime—or, we'd say, Wai-ki-ki Beach at Honolulu anytime.

#### ASTOUNDING BACHELOR FACTS

Some interesting facts about Alberta bachelors have come to light in the news columns of some of our papers. For instance, the Morinville Journal reveals that Maurice Montpelier of Morinville is the lucky winner of a Canadian-Irish sweepstake. And Maurice an eligible bachelor too, our reporter adds!

The Happy Circle W.I. in Mannville was reported in the Mannville Mirror as having prepared three Christmas hampers for local district bachelors. Hum—the way to a man's heart is through his stomach.

George Wengreniuk, reporting in the Onoway Westerner says there are more bachelors per square mile in Rich Valley than any other district in Alberta. What are you girls doing in the city this leap-year, we'd like to know? Just because you get \$200 per month for working 32 hours a week, spend six weeks in Florida or California every year and drive a Cadillac to work is no reason why you should miff your chances by not spending some time this year in Rich Valley!

#### TOUGH DRIVING

According to a recent report in the Lamont Journal, sent in by our Chipman correspondent, the highway there is a graveyard of ditched automobiles.

Between Chipman and Edmonton on Highway 15 recently a motorist counted 48 ruts in the snowbanks and ditches showing where cars have slipped in. This is some indication of the icy condition of the roads, believed to be the worst in some years.

### Note and Comment

No matter what happens, always be yourself. Nobody is so miserable as he who longs to be somebody other than the person he is in body and mind.—Angelo Patri.

\* \* \*

Alberta has acquired a reputation for quality poultry products. The provincial department of agriculture advises that only well-finished birds should be marketed if this reputation is to be maintained. Right now too many unfinished birds are getting to market.

\* \* \*

It is really funny how little value other people place on your time.

\* \* \*

### The Bible Today:

"If thine enemy hunger, feed him; if he thirst, give him drink; for in so doing thou shalt heap coals of fire on his head."—Romans 12:20.

HAVING CONCLUDED his Canadian visit, Mr. Churchill leaves in the hearts and minds of all Canadians the confidence inspired by his famous wartime "V" for Victory sign.

## Voice of the People

"VOX POPULI, VOX DEI"

### "IT'LL ALL COME OUT IN THE WASH"

Answering letter to Voice headed "Suds In Your Eye", here's a poem I clipped from the Ottawa Citizen, Dec. 17:

He smiled and he murmured, "LUX with me,"

As the beautiful PRINCESS he spied;

He thought of a scheme to SURPRISE her,

And hoped she WOODBURY her pride.

"You think that my head's solid IVORY,

But you don't get the 'DREFT' dear," he sighed;

"If I had you to COMFORT and CHEER me,

I would e're be a SURF by your side."

"May I ho'd your PALMOLIVE?" he whispered,

But by now she was fit to be TIDE;

She angrily said, 'VEL—that DUZ it!

Not on your LIFEBOUY," she cried.

J.W.S.

Bruce, Alberta.

### ELIZABETH ON TV

I didn't agree with your letter to Lizzie, I wouldn't be in her shoes on a bet. We followed her around on television from the time she arrived in Canada, through to her visit to Washington. She came off the big plane from Montreal and when coming down the steps looked back to see if Philip was there. Sure enough—he was right behind her. She seemed at ease as she replied to the address of welcome given her at Washington Airport by the President. She was very lovely and very human.

ALEX PUE.

5705 Magnolia Ave., Chicago, Illinois.

### SHOULD WE TELL HIM?

I am anxious to secure information about life in Alberta. My wife and I are sailing for Canada in March 1952. We would like to get as much information as possible beforehand. We are inclined towards going to Edmonton but wish to obtain more information as to prices, employment opportunities, housing, etc.

An information you or your readers can send me will be appreciated.

PETER J. ARMSTRONG.  
20, Egremont Promenade,  
Wallacey Cheshire  
England.

### LIKES EDITORIAL PAGE

For some reason or other we haven't received our copy of the Lac la Biche Herald since the Municipal plan for M.D. Athabasca came into effect. Please start sending it at once since we miss it very much when we don't get it. We enjoy your editorial page and your paper is certainly improving.

Mr. and Mrs. Ira MacKenzie.  
Grassland.

### HIS UMBRELLA SHRANK

When I was younger I saved me up some money for that rainy day, iffen I lived that long. I did live that long and it did rain. But lo and behold, with inflation changin' the worth of all our money, my savings umbrella don't cover me and don't come anyways near doin' it.

ALL WET.

### BOUQUET FROM KILLAM

May I, on behalf of the executive of the Big Six Hockey League extend to you our appreciation for your co-operation in publicizing activities of our League. Future up-to-date news releases will be sent to you each Saturday night. Again, thanks!

D. M. WITER,  
Killam, Alta. Sec.-Treas.

### STUDENT PROTESTS

Professors are always yapping about academic freedom, but why don't they practice what they preach? For instance, to take science and economics you also must take algebra and geometry. It's like buying one package of Itsy Bitsy corn flakes, and being forced into a tie-in sale of 1,000 packages of Break Jaw breakfast food. Down with algebra!

D. K. A.

### AGAINST DOUBLE PARKERS

As a visitor to Edmonton, I wonder why any of your citizens should have sympathy for the double-parker. Such people have no consideration for the rights or lives of others. Edmonton police should confiscate double-parked cars, not just fine those responsible.

G. B.

### BY ALL MEANS!

The Boyle Beacon is a grand little paper and we like it very much. I am enclosing some news for it that will be of interest in Boyle and Elscott districts. Can we send in more news?

MRS. J. LOVELY.

Elscott.

# Needlecraft News

## by Pauline Roy

MANY A PRIZE-WINNING crocheter learned the art by starting to crochet with wool which works up quickly into fascinating accessories such as stoles, sweaters, jackets, hats, gloves, mittens, afghans, and of course baby's wear. Practicing a little before starting your work always aids greatly to find the proper tension so necessary in executing your design, and being careful to use the proper wool and size hook recommended will assure you the best results.

pass the wool through the first stitch along with the wool over the hook, again pass the wool through the remaining 2 stitches thus completing the double crochet. Triple crochet is done in the same manner as the double crochet, the difference being wool over the hook twice and passing the wool through the two stitches an extra time.

### Ingenious Twosome

The stunning jacket and hat ensemble pictured here is a surprisingly simple design made from 5 oz. of 4 ply wool of a basic color, 1 oz. extra for the lat, approx. 3½ ozs. oddments of various colors, a number 0 steel crochet hook and a little of your spare time. If you wish to have a direction leaflet, for six sizes, send a stamped, self-addressed envelope to the Needlework Dept. of this paper requesting GRANNY JACKET AND HAT, leaflet No. CW-28.

### Old Timer Passes Away

LAC LA BICHE — Nicholas Cherkas passed away Jan. 14 in St. Catherine's Hospital after a lingering illness of eleven months.

He was born in Konty, Poland, Jan. 25, 1884, and married in 1910, arriving with his wife in Edmonton in April, 1912. They resided there until June 1916, when they homesteaded four miles south of Lac la Biche in 1920, where he worked for the NAR for five years. Then he took up commercial fishing until the last two years, and was employed by the Hudson's Bay Company when taken ill last February.

Requiem High Mass was con-

ducted by Rev. J. E. McGrane at 10 a.m. in St. Catherine's Church Thursday, Jan. 17. Interment was made in the Lac la Biche cemetery.

He leaves to mourn his loss his loving wife; three sons, Stanley of Lamont, Joseph and Roderick of Lac la Biche; two daughters, Mrs. Elmer McQuitty of Lac la Biche and Mrs. Charlie Combs of New Westminster, B.C.; also a brother, John, of Lac la Biche, and thirteen grandchildren.

Floral tributes were received from members of the family, Women's Institute, Mrs. Dedeluk and family, Hudson's Bay Co., Mr. and Mrs. E. H. Martin, Paul Sampietro and family, Tony and Vincent Varze, A. Marchesi and family, and R. Michetti.

### PLAMONDON NEWS BRIEFS

Mrs. Sommerville, district nurse, gave lessons on first aid to quite a large attendance on Jan. 11 and 15.

Mis Josephine Duperron is employed at the home of Mrs. Sommerville.

Quite a few homes are being wired for electricity.

Father Ricard gave instructions on marriage, to the members of the YCF on Jan. 16.

Mr. and Mrs. Edward Bosse are the proud parents of a baby girl on Jan. 8.

Miss Delia Huppie is employed at the home of Walter Gauthier.

The parents of Plamondon School Children are thankful to

Mrs. Leo Bourassa for introducing hot cocoa for the children's lunches. Near by neighbors volunteered to heat the water for the cocoa.

Miss Lucille Lirette of Malleig spent a couple of days in Plamondon introducing the J.E.C.

action, to the young students of Plamondon.

A birthday party was held on Jan. 16 for Mrs. John Genoux at Blue Jay. The evening was enjoyed by playing cards at which John and Philip gave Bert and Albin a trimming.

# SCOTT'S SCRAP BOOK

By R. J. SCOTT

having better control of the car at all times.

A choice of 8 standard colours is available throughout the whole Dodge line. In addition, two metallic colours, gunmetal and gypsy green, are available at extra cost. Two additional metallic colours, Burgundy maroon and Fiji green, are available at extra cost on the Dodge Coronet only.

The Dodge "hard-top" model, the Mayfair, features a new two-tone colour treatment—the "top" colour being carried down across the trunk lid. This colour treatment combines with added chrome garnish moulding to give a sweeping, stream-lined effect to the whole car.

In introducing these new models the manufacturers stress the many safety and performance features which are exclusive to cars manufactured in Canada by the Chrysler Corporation of Canada, Limited. These include knee-level seating; safety-rim wheels; the oilite filter in the gas tank which keeps all dirt and water from entering the gas lines; and floating power engine mountings.

There are few unaffected by flattery and we are not among them, thankfully.

## New Dodge On Display At Local Dealers

Featuring the new "Oriflow Ride", the 1952 Dodge passenger car models are on display at Lac La Biche Motors.

Once again, Dodge offers a wide range of models—from the Dodge Kingsway 2-door sedan in the lowest-priced class to the medium priced Dodge Coronet. The Coronet is equipped with Fluid Drive as standard equipment and is available with Gyro-Matic transmission at extra cost. The Dodge Kingsway, Regent, Crusader and Mayfair models and the all-metal, all-purpose Savoy and Suburban are powered by a 97 h.p. engine. The bigger Dodge Coronet has a 105 h.p. engine.

Principal contribution to the Dodge "Oriflow Ride" is made up by the new-type Oriflow shock absorbers—specially designed to give complete ride control on any

kind of road. They are particularly effective in very rough going, quickly dampening out even the severest bumps. Tests have proved that the result is a smoother, safer ride for driver and passengers with the driver

LAC LA BICHE

ALBERTA

84 Year Old Lady  
Still Peppy

LAC LA BICHE—Mrs. Edward Taylor, age 84 years and three months recently boarded the train en route to her home in Brand-spell, Sask., after a three months visit with relatives in Alberta. She left from Bonnyville after visiting with Tom Taylor and her sister, Mrs. Bob Taylor, Tommy's mother. Mrs. Edward Taylor also visted Mrs. Jackson of Beaver Crossing another sister.

Mrs. Taylor is quite active for her age and reports her husband, 88 years, is just recuperating from a ruptured appendix operation and she is hurrying back to attend her husband.

Mr. Bob Taylor accompanied Mrs. Edward as far as Vegreville and complained that he could see no reason for bringing half of Sas-katchewan in luggage on a trip of this kind.

CRIME PAYS VICTIM

PHILADELPHIA, Pa. — Two men walked into the check-cash-ing office of Joseph Silverman. One asked for a driver's learning permit and handed Silverman a \$10 bill from which to take \$3.50 in change. Just as Silverman turned to make the change, the other thrust a pistol through the cage window and demanded money. Sil-verman dropped to the floor be-hind the counter, pulling a burg-lar-alarm lever as he went down. The men fled — leaving Silver-man their \$10.

MARGOT and BOB CHRISTIE of Toronto are one of the most unusual couples in Canadian radio. They have played in dozens of network dramas — but never together. Late Sunday afternoons while Margot is rehearsing her role of Miss Henchbaw, the sharp-tongued school-marm in "Jake and The Kid," Bob may be in an adjacent CBC studio growling like a giant in the story room at "Cuckoo Clock House." And dashing to rehearsals of "Stage 52" or "Ford Theatre" the Christies often have not time for more than a brief nod at one another in passing.

### GRASSLAND NEWS BRIEFS

Many parties were held during the last week among those who still observe the ancient Julian Calendar to celebrate the New Year.

The Community League have received their projector which had been sent to Toronto for a complete overhaul. The machine is now in tip-top shape and films will be shown regularly every week. On Saturday the picture shown was "Little Women."

Mrs. Eva MacDonald and her

baby boy will soon be returning from the Athabasca hospital.

The Agricultural Society had a well attended meeting Thursday evening with Mr. Godell and Mr. Armfelt as the principal speakers. Following the meeting a dance was held with Radio Wranglers from Edmonton supplying the music.

The Semeniuks visited relatives in Big Valley last week.

The new district nurse is expected in about two weeks time.

Acting more ignorant than you actually are usually has its advantages.

## Announcing the New 1952 DODGE Models...

The new 1952 Dodge Coronet (shown at right) is the biggest, most luxurious car in the Dodge line. It's designed for those of you who want to drive a big car but didn't know you could afford it. You'll find the Dodge Coronet a luxury car in every way — in size (wheelbase, for example, is 123½"), appointments, engineering and performance with its 105 horsepower engine — yet it is the lowest-priced car equipped with Fluid Drive.

For the ultimate in driving and riding comfort, the Dodge Coronet is available with Gyro-Matic transmission at extra cost. With it you can drive all day without shifting gears.

Brilliant new two-tone colour treatment and new, richer, interior appointments, make the 1952 Dodge Mayfair (shown at left) one of the most eye-appealing cars on the road to-day. This smart, colourful model gives you the distinctive styling of a convertible combined with the convenience, safety and durability of a permanent steel top. The Dodge Mayfair, Crusader and Regent models are all powered by the dependable Dodge 97 h.p. engine, famous for economy and long life. The wheelbase for each is 118½".

Whitewall tires optional, at extra cost.

### ... FEATURING THE AMAZING NEW Oriflow RIDE

See the new Dodge cars! They're on display to-day at your Dodge-DeSoto dealer's.

Drive the model of your choice — on the highway . . . then over the roughest stretch of road you can find. You'll quickly realize that for 1952 Dodge sets a new standard of smoothness and safety. This unbelievably smoother ride is made possible by the new Oriflow shock absorbers — scientifically designed to

automatically give complete ride control on any kind of road. Test this amazing new kind of ride to-day. You have to experience it to believe it.

With a new 1952 Dodge you'll enjoy greater all-round visibility, extra roominess, outstanding performance . . . and the pride and satisfaction of having spent your money wisely and well.

No matter which model you select, you are assured of famous "Dodge Dependability". No other car gives so much in quality — yet demands so little in upkeep. Ask any Dodge Owner.

## Spotlight on . . .

# ALBERTA

A News Section About Alberta People

Week Ending Jan. 26, 1952

## Magazine Describes "Bad Lands" Of Drumheller Valley, Home of Dinosaurs

The story of the Red Deer Valley, "the richest dinosaur graveyard in the world," and "the most paintable valley in Canada," is told in full in the current issue of Maclean's Magazine.

Assistant editor Barbara Moon visited the Drumheller area to gather material at first hand about the area, which she calls "Dinosaur Valley, Alta".

Photographs in full color accompany the article.

Miss Moon writes: "Drumheller . . . has appropriated to itself the honor of being Gateway to the Badlands. It points out with sweet reasonableness that it's the only city actually in the valley . . . Hanna, on the plains to the northeast, and Brooks, to the southeast, have both made tentative passes at the Gateway title, but so far Drumheller is away ahead on points."

"The Red Deer badlands are generally acknowledged to boast

the thickest concentration of dinosaur bones in the world," the Maclean's article reports, adding "the Russians of course challenge this claim".

The article traces the colorful history of the region and pays tribute to the work of Wilfred Garstang-Hodgson, who carves juniper roots into prized sculptures.

Big sore spot with Drumheller's Mayor John Mackay, secretary of the Chamber of Commerce, is the valley's "skimpy tourist trade", Miss Moon writes. "In spite of highly colored broadsides from his office and from the Alberta Government, only a few hundred trippers trickle into the valley each year".

## Blame Lack Highway Maintenance For Accidents

MAYERTHORPE—Residents of this district blame the condition of the Edmonton highway for the flood of accidents, resulting in at least one death, which have engulfed this district. It is claimed that the high maintainer could roughen up the icy surface of the road and scrape the loose ice to the side of the road.

Now the highway is deeply rutted in most places with smooth glare ice on the surface, making it difficult for truckers and motorists to avoid hitting on-coming traffic.

## Two New Groups Added To Alberta Civil Defence

Two new local organizations have been added to the growing list of municipalities that are civil defence conscious. The new groups that have set up civil defence organizations and the names of their controllers are: Municipal District of Provost No. 52, S. T. Payne, controller; and Town of Bowness, Daniel P. Gillan, controller.

## News Writer Makes Life-Sized Doll For Daughter

Janet Cumming of Evansburg, whose mother is local editor of the Pembina Herald, is the proud possessor of a doll that is as big as she is! The doll is light enough to carry, but says "Mama" just like all good dolls should.

Mrs. Mary Cumming, Janet's mother, used a "Mama" crying section from an old doll that was wrecked, tattered and torn, to give the big new creation a set of "vocal chords".

NOT MANY Albertans know much about the Drumheller Valley, potential tourist attraction for Alberta. But Mr. Dinosaur

roamed around the Drumheller neighborhood uncounted years ago, and his replica is still on view in a Calgary park.

## IS YOUR FARMING ENTERPRISE LARGE ENOUGH?

By GEORGE WENGRENIUK

RICH VALLEY—In every country in the world, in every century of man's progress it has been the tiller of the soil who has carried the weight of civilization. Here in Canada it is even more true. In Alberta the sale of barley alone is equal to the total production value of our famous oilfields. The foundation of our economy, the very structure of our national life is built upon the industry, initiative and toil of men who produce food for the nation and for the peoples of the world.

The modern Canadian farmer must not only have a strong back, he must have a good education and above all be a good business man, because of the greater capital investment. This brings me to one of the many factors which will eventually lead to a better understanding of the whole farming enterprise and in this way to continual improvement, greater efficiency and higher profits. The factor that I will deal with in this issue is, "Is your farm large enough to fully utilize the family labor?"

Here is a guide in determining labor requirements on Canadian farms. Work days required for each farm enterprise is listed below.

| Cattle—                            | Per animal           |
|------------------------------------|----------------------|
| Dairy cows, fluid milk             | 15                   |
| Dairy cows, milk for manufacture   | 12                   |
| Beef cows or feeder steers on farm | 3 1/2                |
| All other cattle on farm           | 2                    |
| Ranch cattle, all ages and classes | 1                    |
| Hogs—                              | Per animal           |
| Brood sows                         | 3                    |
| Market pigs                        | 1/2                  |
| Sheep—                             | Per animal           |
| Breeding stock                     | 1/2                  |
| Market lambs                       | 1/5                  |
| Poultry—                           | Per 100 mature birds |
| Hens and ducks                     | 20                   |
| Chickens raised for market         | 5                    |
| Turkeys and geese                  | 40                   |
| Bees—                              | Per colony           |
| Per colony                         | 1/2                  |
| Field crops—                       | Per acre             |
| Grain, Prairies                    | 1                    |
| Our district                       | 2                    |
| Hay, one cutting                   | 1                    |
| two cuttings                       | 2                    |
| Forage crop seed                   | 2                    |
| Potatoes                           | 10                   |

Summerfallow: No additional allowance is made for summerfallow since it is already included in day's work per crop acre.

Total days of productive labor required on farm for each farmer is 300 days. Where young people

help with light chores additional days may be added as to age and amount of help they can do. Young people over 21 years are counted as full grown adults and an additional 300 days work is expected of them.

Just for fun check over your farm's operation and see whether your farm scales up to these requirements and if it doesn't maybe you can plan a full year's program. Maybe you are working too much already. It's worth checking over just for fun.

## Former Mine Partner Living In Belgium

Henry Paepe has forsaken the province of broad wheat lands, rich oil fields, unlimited coal resources, beautiful mountain scenery and 40 below zero winter weather. The former part-owner of Egg Lake Coal mine at Morinville has gone back to live in Belgium.

He left a nearly-new 1950 Pontiac car unsold in the garage at the mine, but meanwhile has another new car to drive around in Belgium.

There are 28 employees now at the coal mine four miles north of Morinville. E. Beke is back from Saskatoon, again office manager of the mine.

## AFU To Meet In Edmonton In '52

The Alberta Farmers' Union would like to hold their annual meeting in Edmonton in December 1952. This was revealed when Henry Young, president, applied to the Edmonton Public School Board for permission to rent the auditorium of Victoria Composite High school for five days next December. Consideration is being given Mr. Young's request by the school board.

# Athabasca Municipal . . .

(Continued from Page 1)  
following be authorized to attend the municipal district convention being held in Calgary, next week: Ctrs. Lynk, and LaPorte, W. Leskiw and B. C. Hart, and that expenses be advanced of \$75.00 each. Carried.

## Civil Defence

Moved by Reeve Aloisio that the following persons be appointed on the civil defence committee to represent this municipal district: A. Aloisio, V. Brackenridge, N. Parson, G. Lynk, G. Rosychuk, N. Derko, A. LaPorte, S. C. Ward, W. J. Leskiw, H. Armfelt and B. C. Hart. Carried.

## Colinton Nurse

The matter of the school nurse located at Colinton was discussed by the council, and a letter was read from the nursing division which stated the Colinton nurse could not come under the nursing service act unless a full time health unit was formed in the municipal district, she would have to give emergent nursing service, and not just preventive service as at present.

## Tools

Moved by Clr LaPorte that the municipal district purchase a set of mechanics' tools, not to exceed \$300, for use in servicing municipal machinery, with the understanding that council will try to have them replace the tools lost by M. Farnigni in the recent caboose fire. Carried.

## Colinton Garage

Moved by Clr LaPorte that council side up the municipal garage on the outside at Colinton, at a cost not to exceed \$300. Carried.

## R. Davidson—Old Age Pension

Moved by Reeve Aloisio we recommend to the Old Age Pension Dept. that R. Davidson, of Athabasca, be approved for an old age pension. Carried.

## Fedoryszyn—Mother's Allowance

Moved by Clr. Rosychuk that Mrs. Fedoryszyn be approved for a Mother's Allowance for four children, until such time as this year's crop is harvested, and a statement obtained from her as to her share of the crop. Carried.

## Salvation Army Grant

Moved by Clr. LaPorte that a grant of \$50.00 be made to the Salvation Army, for the year 1951. Carried.

## By-law No. 218

By-law No. 218 of The Municipal District of Athabasca No. 103. Under the authority of Section 255 of The Municipal District Act, the council of the municipal district of Athabasca No. 103, enacts as follows:

That a grant be made in the sum of \$50.00 to the Salvation Army, for the year 1951.

Read a first, second, and with the unanimous consent of all the councillors present, a third reading, and finally passed this 9th day of November, A.D. 1951.

ing, and finally passed this 9th day of November, A.D. 1951.

## Road Building

Moved by Reeve Aloisio we write to the Dept. of Highways, stating the council feel sorry the Government has taken the attitude they have regarding the building of connecting roads between the Hamlets and the new highway, informing them the connecting road at Perryvale has been used for the past eight months by all traffic to get to the new highway, and considerable damage to this road has been the result, and council feel that some compensation should be forthcoming. Carried.

## S. Kanarek Store

Moved by Clr. Derko that Council approve of Stan Kanarek operating a general store at Spruce Valley. Carried.

## Mykietowich

Moved by Reeve Aloisio that the council accept the responsibility for Leo Mykietowich being placed in a home. Carried.

## Blatt Road Fenced

Paul Hnatyshyn made a complaint that M. H. Blatt had fenced the road allowance.

Moved by Clr LaPorte we notify M. H. Blatt to remove the wire fence which he has across the road allowance between Sections 15 and 16-68-22-4. Carried.

## Pound Damages

Moved by Clr. Laporte we notify Geo. Santrock, Poundkeeper, the damages as set by a committee of the council re H. Murray, be set at \$12.50, and for him to refund \$12.50 to H. Murray, as \$25.00 was paid. Carried.

## Stromlak D.P.

Moved by Clr. Derko that J. Stromlak be authorized to get a displaced person from France into Canada by the name of Daytro Czayron. Carried.

## A. McDonell water pipe

Moved by Reeve Aloisio that Alex McDonell be given authority by the council to pipe water across the road allowance, but the pipes must be deep enough not to interfere with road grading. Carried.

## Accrued Acreage

Moved by Clr. Laporte that the following accrued acreages, lake bottoms, and dried out marshes, be sold to the adjoining owners, and that we recommend to the Dept. of Lands and Forests, that they be sold, for weed control: Sec. 9-66-18-4, Lake in centre of the section is nearly dry, and to be sold; S.W. 1-63-20-4 (accrued acreage) to be sold to Robinson; N.E. 13 66-22-4 (dried

out marsh) to be sold to Geo. Rosychuk; S.E. 24-66-22-4 (dried out marsh) to be sold to John Rosychuk. Carried.

## Fiedler Cord Wood

Moved by Clr. Breckenridge that J. Fiedler be authorized to cut six cords of wood on the N.W. 33-65-22-4, for his own use, upon payment of the regular fee. Carried.

## Corduroy Permit

Moved by Clr. Parson we apply to the Dept. of Lands & Forests for a free permit to cut sufficient corduroy to cover 80 rods of road allowance on the N.E. 24 6-20-4. Carried.

## H. Lobay Road

A letter was read from H. Lobay stating that he had built a road within the boundaries of the municipal district connecting with the Wandering River district.

Moved by Reeve Aloisio we write to H. Lobay M.L.A., thanking him for the road which he had built, but stating that since this road is a diversion which would actually belong to the Local Improvement District if it was placed on the proper road allowance, that the council do not assume any responsibility for it, but thank him for the work done. Carried.

## Boyle WI Library

An appeal was read from the Boyle Women's Institute for a grant towards the Boyle library.

Moved by Clr. Parson that council make a grant of \$25 to the Boyle Women's Institute for use of the library. Carried.

## By-Law No. 219

By-Law No. 219 of the Municipal District of Athabasca No. 103. Under the authority of Section 255 of the Municipal District Act, the council of the Municipal District of Athabasca No. 103, enacts as follows:

That a grant be made in the sum of \$25 to the Boyle Women's Institute for use of the library, for the year 1951.

Read a first, second, and with the unanimous consent of all the councillors present, a third reading, and finally passed this 9th day of November, A.D. 1951.

## Cancel Taxes

Moved by Reeve Aloisio that the following taxes be cancelled from the tax roll, for reasons stated.

A. Labonte . . . NW 30-68-17-4 \$ 77.05, saw mill L.I.D.  
E. Whiteman . . . SW 5-65-19-4 \$424.71, cons paid up.  
J. DeFrain . . . Ellscoth Acct. 7646 \$ 24.71, levied in error.  
J. Morrill . . . NE 1-63-22-4 \$ 78.89, land sold.  
L. Morrill . . . NW 10-63-23-4 \$140.27, land sold.  
Mrs. H. Hofland . . . SE 34-66-22-4 \$ 13.17, seed grain, land sold.  
K. Horbut . . . NW 15-66-17-4 \$ 48.76, cons paid up.

M. W. Fertig . . . NE 16-64-22-4 \$ 81.88, overcharge.

Ellscoth Townsite SW 1-64-20-4 \$ 8.20, levied in error.

Carried.

## Steel Culverts

Moved by Clr. Breckenridge we write to the bridge dept. re steel culverts put in by Mr. Cullerne on the west side of the SW 31-64-21-4, asking them for two 8 foot extensions, of 30 inch steel culvert, as the one installed is too short. Carried.

## Mrs. E. Garner

Moved by Clr. Lynk that Mrs. E. Garner be placed in the Dinwoodie home in Edmonton, if this is an approved home, and that the council pay the balance over her old age pension. Carried.

## Mrs. Coleman

The welfare officer was instructed by the council to visit Mrs. Coleman re relief.

## Seed Grain

Moved by Reeve Aloisio that council offer to each person who owes for seed grain, that if same is paid up before May 1, 1952, council will accept the amount they paid the Provincial Government as of Jan. 1, 1947, and council will cancel all interest charges, as from Jan. 1, 1947, to date of payment. Carried.

## Stock at Large

Moved by Clr. LePorte we write the Department and ask if stock eat grain in granaries or in piles on the ground, who is responsible if the animals die, both on fenced and unfenced lands. Carried.

## Deputy Reeve

Moved by Reeve Aloisio that Clr. Breckenridge be Deputy Reeve for the next six months. Carried.

## Bandola Filling Station

Moved by Reeve Aloisio that John Bandola be approved to build and operate a filling station and confectionery store on the new highway on the NE 19-63-23-4. Carried.

## Fischer Tax Sale

Moved by Clr. Derko that council sell the NE 34-68-17-4 to Mary Fischer of Charron, Alta., for the some of \$119.09. Carried.

## By-Law No. 220

By-Law No. 220 of the Municipal District of Athabasca No. 103.

A by-law concerning the sale of the NE 34-68-17-4, pursuant to the provisions of the Tax Recovery Act, 1942, and amendments thereto:

Whereas an offer has been received from Mary Fischer of Charron, Alta., to purchase the NE

34-68-17-4, for the sum of \$119.09 cash;

Be it enacted that the said offer be accepted, subject to the approval of the Minister of Municipal Affairs, as provided under Section 18 of the above recited act, and that the Reeve and Secretary-Treasurer be authorized to execute a transfer, on said terms.

Received a first and second reading, and by unanimous consent of all the councillors present, a third reading, and finally passed this 9th day of Nov A.D. 1951.

## Grain Grades

The Secretary was instructed to write to the Grain Commission and ask if elevator agents have the final decision in grading grain, or if the final decision still rests with the Government grain inspector.

## Safe Sale

Moved by Clr. LaPonte that council sell the small office safe to the Athabasca Credit Union for the sum of One Hundred (\$100.00) Dollars cash. Carried.

## W. Yozney Timber Permit

Moved by Reeve Aloisio that W. Yozney be authorized to cut 15,000 feet of lumber on the NE 31 and NW 32-63-22-4 upon payment of regular dues. Carried.

## Tax Sale

## Land Values

Moved by Reeve Aloisio that the upset price on all parcels of land being offered for sale on December 1st 1951, be set at double the assessed value. Carried.

## Annual Meeting

Moved by Reeve Aloisio that B. C. Hart be appointed as the Returning Officer for the 1952 municipal election, and that the annual meeting be held in the Meanook Community Hall on February 16th 1952, and that the following enumerators be appointed.

A. Hartley, John Lund, G. Ivey, J. Gyte, Frank George, Pete Ninko, J. Kostiw, A. Christensen, Pete Baron, H. Arafelt, John Flaka, Percy Sauer, C. M. Sutton, Wm. Dweigo, Mike Ihnicki, and Dora Kahorney, John Kowelchuk, Frank Malik, Mr. Harrington. Carried.

## Our Deepest Sympathies

WANDERING RIVER—On behalf of the neighbors and myself, I wish to extended our deepest sympathy to Mrs. N. Hunchak and family concerning the loss of their loved one. It is, without a doubt, the greatest shock experienced yet by the members of our small neighborhood.

Mr. Hunchak left us with a memorable impression and certainly

we cannot conceive anyone playing his role in our future neighborly relationships. He was honest, sincere in his thoughts and actions, dependable, patient and everything that may be ascribed to an ideal neighbor. We respected and admired him for his outstanding characteristic: his striking hospitality.

Mr. Hunchak, along with the rest of us was a pioneer member of the Wandering River district since the early 1930's. He is survived by his wife Rose and four sons, Michael, William, Nicky and Ronald.

He shall rest but not without our frequent thoughts of him. For though he will no longer be with us in person all the more will he be in our memories.

## SWAPS

1941 2 ton Ford truck in good condition, with PSV new box loader, good tires, antifreeze, heater. Swap for cattle or sell \$850 cash. Apply Tomas Pelletier, 2 miles east, ½ mile north Morinville, C J-18-26

# 10,000 REVOLUTIONS PER MINUTE DEMAND SKILFUL CARE

Out of the tail pipe roars a fiery blast of air to 'rocket' a Vampire through the sky at sizzling speeds. The impelling jet is generated by the turbine blades of an engine which spin at over 10,000 revolutions per minute.

New Air Force engines are built to do things unheard of, even ten years ago. The precision found in a jet engine is a mechanic's dream. Tolerances of more than .0002 inch are prohibited. Yet the era of jet engines has just begun!

If you are mechanically-minded, here is

your opportunity to get in on the ground floor.

The Air Force will give you a complete and thorough trade training in jet engines. Be an Aero-Engine Technician in the R. C. A. F. ! Serve Canada and learn a valuable trade!

**YOU can start your training now  
as an Aero-Engine Technician  
in the R.C.A.F.**

**OTHER TRADES OPEN INCLUDE... AIR-FRAME... ARMAMENT... RADIO-RADAR... INSTRUMENT... SUPPLY**

To train as an R.C.A.F. Technician, you must be between 17 and 40... be physically fit... have Grade 8 education or better

## LETTERS TO LOUISA

A reader writes that he has been engaged to a girl for a year and a half and expected to marry her this year. She went off to live with her sister and has written him that she has changed her mind. He wants to know what he can do to get her back.

Well, the only thing I can suggest is for him to go and see her and try to find out why she has changed her mind. It may be that she is one of those girls who likes the fellow that is present and not the one who is away. If she has fallen in love with some one else, there is very little he can do about it.

A girl who is in High School writes that she is in love with her best friend's boy friend and that he is in love with her. Now her friend is angry with her.

Personally, I think it is a low trick to use your friendship with another girl to snatch her boy friend away. The honorable thing

to have done, if you saw yourself falling in love with him, would be to stay away from him as much as possible. However, if the two of you fell in love with each other and you had not done anything to bring this about, it would be something you couldn't help. But I imagine that your best friend would always feel that you had treated her very shabbily.

LOUISA.

Dear Louisa:

I have been reading so much about teen agers using narcotics that I became worried and the mothers of our school children had a survey made. We found that there was no problem here.

We wondered whether our small town was unusual or whether this was the case in most of the less populated places.

MOTHER.

Answer:

The problem of teenagers using narcotics is mainly one for the larger cities in the United States. Of course, a thing like that will spread to Canada if left unchecked and the officials of these larger places should accept the responsibility for this disgraceful situation and get to work and put away these peddlers of vice.

The city of Los Angeles has made the effort to do just this by stricter law enforcement and I understand that the officials there have been very successful.

Three-fourths of the young drug addicts come from metropolitan areas and from homes that are broken, or worse. That, of course, doesn't mean that there are not exceptions for some of these youngsters do come from decent homes.

Children who live in good homes and have interested and loving parents are taught the dangers of such habits and even though they begin on a dare or because of association with bad companions, their parents will probably discover the trouble before the case becomes a hopeless one.

More power to women who think enough of their children to try and find out if there is any reason to be worried. An ounce of prevention, you know, is worth a pound of cure.

LOUISA.

## 1952 PLYMOUTH BELVEDERE

The new 1952 Plymouth Belvedere smartly styled with rich colour, two-tone exterior and fashion tone interior will make it the centre of attraction wherever you drive it. Side windows roll completely down to give you full enjoyment of summer breezes — or close tightly to provide the weather-tight snugness of a sedan.

Plymouth's "Safety-Flow Ride" is the greatest advancement in riding comfort since the

introduction of shock absorbers. Revolutionary, new Oriflow shock absorbers on the 1952 Plymouth, offer an entirely new riding and driving experience.

In addition to the beautiful, new Belvedere shown above, Plymouth offers the Suburban and Savoy, the Concord two-door, the Cambridge four-door and club coupe, the Cranbrook four-door, club coupe, and the convertible coupe.

## \$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life". Address "Embarrassing Moments", P.O. Box 4368, South Edmonton.

Having borrowed a friend's small electric heater during an emergency, I returned to borrow it a few weeks later, only to have her coolly say, "I'd be glad to lend it to you if I had it, but you never brought it back!" M.K.

When the barber began arranging my small daughter's hair into a "pigtail" style, she strenuously objected. "Honey," he said, "that's the style for a three-year-old girl." T.P.

## Small World, Isn't It?

FORT RILEY, Kans. — Capt. George Epsom, 10th Infantry Division provost marshal, went to Topeka to pick up an AWOL soldier.

Learning the man wouldn't be home for a couple of hours, the captain decided to kill time in a Topeka movie. When he returned to the house to get the soldier, both he and his prisoner were in for a surprise.

They had sat next to each other during the movie.

CERTAINLY . . . Sir!

## THE LIGHTER SIDE

### Afraid

"My wife says that if I died  
she would remain a widow."  
"Evidently she thinks there's  
not another man like you."  
"No, she's afraid there is."

### Gambling

Auntie: "Whatever is the mat-  
ter?"  
Tommy (from the city): "I  
p-put a p-penny in the slot of the  
beehive for honey, and g got a  
bee instead."

### Price Control?

"How much are potatoes worth  
now?"  
"No more than they were, lady,  
but they're costing about six  
times as much."

### Cork Puller

The dentist in a mountain town  
looked sympathetically at his  
patient and said: "I'm sorry,  
Zeke, that it was necessary to  
extract your front teeth, bu—"  
"Hit's all right, Doc," lisped  
Zeke. "Shucks! I larnt to pull  
jug corks with a knife blade when  
I lost my first teeth."

**F. H. LEPPER & CO.**  
PLUMBERS

Gas, Steam and Hot Water  
Heating Contractors

125 6th Ave. E. Calgary, Alta.

### Man of Means

Barely had he paid off the  
mortgage on his house when he  
mortgaged it again by buy a new  
car. Then he went to a loan  
broker to borrow money on the  
car so that he could build a  
garage.

"If I do make this loan," asked  
the broker, "how will you buy gas  
for the car?"

"It seems to me," the man re-  
plied in dignified tones, "that if a  
fellow owns his own house, car  
and garage he should be able to  
get credit for gas."

### Mathematical Problem

Ella—When are you to be mar-  
ried?

Stella—Whenever the man in  
the case gets his salary raised to  
a point where he will not find the  
alimony I expect prohibitive.

### Poor Likeness

Gilbert Stuart, the celebrated  
portrait painter, once met a lady  
in Boston, who saluted him with:  
"Ah, Mr. Stuart, I have just  
seen your miniature and kissed it  
because it was so much like you."  
"And did it kiss you in return?"  
"Why, no."  
"Then," said Stuart, "it was not  
like me."

### Use Force

The nurse in Scotland was try-  
ing to persuade old Mary to take  
some liquid food.

"Will you take some beef tea,  
Mary?"

"Na," replied Mary, "I couldn't  
tak' it."

"Would you like some hot  
milk?"

"Na, I couldn't tak' it."

"Perhaps you would care for a  
cup of cocoa?"

"Na, I couldna tak' that either."

"Well, what about a glass of  
toddy?"

"Aye," responded the invalid,  
"Mak' it strong and mak' me tak' it."

### Dark Mystery

Workmen were cleaning the  
front of a building with hose pipe  
and brushes. "What are they  
doing?" asked a small boy.  
"They're washing it!" said his  
father. "Why?" "Well, why do  
you wash your face?"

It was a' too mysterious. The  
youngster gave up. "I don't  
know," he replied.

## 1952 DODGE MAYFAIR IS ANNOUNCED

This smart, new 1952 Dodge  
Mayfair model offers the dis-  
tinctive styling of a convertible  
combined with the convenience,  
safety and durability of a per-  
manent steel top. Brilliant new  
two-tone colour treatment and  
new, richer, interior appoint-  
ments make the 1952 Mayfair  
one of the most eye-appealing  
cars on the road to-day.

And now Oriflow shock-  
absorbers contribute new com-

fort and smoothness to the Dodge  
ride. Driving control is greatly  
improved on bumpy and wash-  
board roads.

The complete Dodge line for  
1952 featuring the new Dodge  
Oriflow Ride includes the Cor-  
onet 4-Door and Club Coupe; the  
Regent 4-Door, club coupe, and  
Mayfair; the Crusader 4-Door and  
club coupe, and the Kingsway  
2-Door, Suburban and Savoy.

## Important Meeting For District Farmers This Week

Thursday, Jan. 24, is the day set for an important meeting of all those in the Lac la Biche and Plamondon districts who are interested in agriculture. Mr. Newcombe of the Director of Extension Services of the Alberta Provincial Department of Agriculture will address a farmers' meeting in the Lac la Biche theatre. The meeting starts at 2:00 p.m.

Plans will be discussed to extend the area of the Plamondon Agricultural Society to include the Lac la Biche district and also to get a full time District Agriculturist for this district.

H. C. McCaskill, president of the Lac la Biche Board of Trade, is anxious to see a large turnout. He stated that the meeting will be held under the sponsorship of the Plamondon Agricultural Society, and it is hoped as many farmers as possible from the whole Lac la Biche district will attend. It is thought that if the meeting is successful Lac la Biche stands a very good chance of having a permanent Agriculturist stationed at this point.

### IMPERIAL MILLS NEWS BRIEFS

Mr. and Mrs. Charles Francis have moved back from Tweedie where Mr. Francis worked for two weeks.

Miss Anne Hoffman, local school teacher, teaches night school three days a week. Those attending are Finnish.

Miss Patricia Bozak is en route to Dawson Creek to visit relatives.

Mr. Johnny L'Hirondelle of Mile 235, was here recently visiting with his parents.

Mr. and Mrs. George Temchuk

## Hylo Home And School Report

By MRS. O. MEARDI

HYLO—At the Home and School Association meeting of Jan. 17, a publicity chairman was chosen in order that everyone may be informed of the activities of the Local Association. Watch for this column which will appear at least once every month, after every meeting, and possibly oftener.

The Association welcomes additional members. We have a lively group and you will never regret that you joined. Steps have been taken to acquire a movie projector which can be used by the teachers for visual aid purposes in the various subjects in their classes. The adults of the community shall not be slighted either for there are many invaluable films available from various sources pertaining to the work and life in Canada. This of course would be helpful to us in the educational sense as well as an entertainment.

At this recent meeting a committee of three namely, Mr. P. Manca, Mr. J. Keehn, Mr. S. Grandish was chosen to cooperate with the local School Board in obtaining the various necessities and improvements needed in our school.

This is a commendable step because having taken a survey of the Hylo School, it was found that it ranks very poor.

I would also like to draw to your attention that at the next Home and School Meeting at Hylo on the 3rd Thursday in February, a committee is going to carry out a discussion called "Education of the Pre-school Child." This topic was prepared last winter but because weather

of Andrew and Wally Gordichuk of Lac la Biche were guests at the home of Mr. and Mrs. J. Bozak.

and various other obstacles prevented regular meetings it was not given as scheduled. Some very interesting information has been gathered and this next meeting should prove a very interesting and lively one. Come! If you do not wish to take part you are welcome to sit back and listen.
